If you already have supplies you can substitute what you have to start off. We will discuss more about supplies the first night. Depending on what you want to do with the paint and where you shop what they stock (brush brands, brands of canvas) can vary so I suggest shopping at Jerry's for now. This list will get you started and you can add to it as you learn what you want to do. Save your receipts, just in case you want to exchange something.

Art Supply Store: (Jerry's Artarama, Federal Highway, Deerfield Beach)
